Communication with shareholders and investors

The Hoshizaki Group holds semi-annual financial results briefings to provide an opportunity for institutional investors to hear an explanation of our performance (performance and forecasts) and management strategies directly from the President & CEO. In addition, management and IR representatives hold telephone conferences (quarterly) and individual meetings, and also attend various briefings organized by securities companies. Due to the spread of COVID-19, from March 2020, financial results briefings and individual meetings have in principle been held via telephone or the web.
