

## Hoshizaki Europe Launches Auto Draft Beer Dispenser in October

Hoshizaki Europe B.V., Hoshizaki's European subsidiary, has released "Auto Draft Beer Dispenser" for the European market in October 2020.

### ■ Features of Hoshizaki Auto Draft Beer Dispenser

[Automatic Pouring] Perfectly pours beer just at the touch of a button.

[Space Saving] Easy to fit in and install as additional equipment even in a small space.

[Stylish] Its soft color and stylish shape create exquisite atmosphere and fit in any situation.

### ■ The machine's advantages in the European Market

The traditional drafting system often occupies considerable space, requiring beer kegs to be refrigerated while our machine does not thanks to its compact design. It can be transported and installed easily; this is a great option for outdoor and temporary events. As anyone can serve and enjoy consistently high quality beer in a moment at the touch of a button, this is the perfect equipment for self-serving situations, such as exclusive lounges at airports, movie theaters and sports stadiums, etc.

### ■ Specifications

Electrical connection :	1phase 220-240V / 50Hz
Outside dimensions :	367(W)×674(D)×764mm(H)
Dispensing capacity :	65L (30→8°C / 4hours)
Refrigeration system :	Instant Cooling System
Electrical Consumption :	285W
