Hoshizaki America earns 2022 ENERGY STAR® AWARD

We are proud to announce that HOSHIZAKI AMERICA, INC. (Hoshizaki America), a subsidiary company of Hoshizaki Corporation, has received the 2022 ENERGY STAR® AWARD for 11 years in a row, thanks to their superior contributions on energy efficiency, reduction of greenhouse gas emissions and continuous leadership on environmental activities. Hoshizaki America also received the highest honor among ENERGY STAR® Awards “Partner of the Year - Sustained Excellence Award” for 8 consecutive years, which is given only to partners who have received Partner of the Year recognition for a minimum of two consecutive years.

ENERGY STAR® certified products will be exhibited at NRA show at Chicago, Illinois from May 21st to 24th, organized by National Restaurant Association.

■ What’s ENERGY STAR®?

ENERGY STAR® is the government-backed symbol for energy efficiency, which is subject to computers, electric appliances, housing equipment, commercial food service equipment and so on. It is allowed to put on the below label in case of meeting certain criteria.

ENERGY STAR® Award 2022 logo

ENERGY STAR® label

■ Why received the award?

Key accomplishments for 2021 include the product line-up expansion of energy-efficient ice machine “KMEgeX” series, environmentally friendly commercial refrigerator “Steelheart” series, providing ENERGY STAR® related virtual trainings to retailers and distributors, and continuous environmental activities at Hoshizaki America and in the local community.

■ Hoshizaki America’s continual activities for the environment

As the leading company of food service equipment industry, Hoshizaki America has been developing eco-friendly products and improving the environmental performance of its manufacturing. In addition, “Hoshizaki America’s Green Team” of independent employee group has been organized and they proactively get involved in local community engagement through environmental activities such as cleaning of rivers.

■ ENERGY STAR® certified products
